Notes: The McGreggors were led by Rob Roy. The clans are generally composed of 2-3 total elements, consisting of 1-2 irregular close order elements and 1 inferior infantry element. This is to simulate the typical Highlander formation in which the men with muskets (and better weapons in general) were placed in front. They fired once, dropped their muskets, and charged headlong into the enemy. It should be noted that there was not a lot of enthusiasm on the Jacobite side; with relatively equal numbers and a fortified position, they should have had no trouble handling the local British forces!

* Denotes a regular unit specially trained to operate as light infantry or light cavalry when in open order.

† Denotes a British Unit that does not get the "British Infantry Shooting" modifier.
